Never having had a leper to deal with before—that is, the United States Government has never had to deal with lepers in this country—no provision has been made for their care. Lepers must be separated from all ofter people. Authorities of leprosy are divided as to its "catching" qualities. Many authorities say that it is contagious, and others say that one tray live with lepers for a lifetime and contagious, and others say that one may live with lepers for a lifetime and never develop the disease. The fact remains that ne healthy human being can look with anything but horror on the thought of coming in contact with a leper. SEPTEMBER BARGAIN OFFER

Choice of any of these famous pictures and The National Tribune one year for \$1.00. Offer limited to Sept. 30.

THE NATIONAL TRIBUNE has secured a limited number of fine, large, steel engravings of famous artistic masterpieces. These include some of the very greatest pictures ever painted and which have received unstinted admiration from the art world. They represent the masterpieces of Reni, Da Vinci, Murillo, Raphael and others of the greatest painters the world has ever known. The steel engravings were originally made by the ablest steel plate artists that could be procured, and a vast number of the pictures have been sold to art-loving people, the prices approximating that of a good oil painting. So highly esteemed are these that copies can be found in the best houses and galleries among their real works of art. The oil paintings that they represent are simply priceless in value, and cannot be obtained for any money, since, renerally, they are part of the cherished art possessions of the different Governments of Europe. Th. best that can be obtained of them are these steel plate reproductions.

Until within a few years these could not be obtained for less than \$5 or \$10, and copies for which these sums have been paid are to be seen in many well-to-do houses all over the country. The Na-TIONAL TRIBUNE is able to supply copies in a way that puts them within the reach of everyone who wants to ornament his home with a genuine work of art.

These pictures are all printed on fine art paper of triple thickness, with the work so artistically done as to preserve all the softness, richness and detail of the original plate. They are intended for framing and to become one of the chief attractions upon the walls of a refined home. Each is 20x24 inches, so that it makes a large rich picture with an abundance of margin.

The following is a list of the subjects and artists, by which it will seen that the pictures are the greatest works of the greatest painters that ever lived.

MATER DOLOROSA, by Reni. THE LAST SUPPER, by Leonardo Da Vinci. IMMACULATE CONCEPTION, by Murillo. SACRED HEART OF JESUS, by Grellet. MATER DOLOROSA, by Delaroche. ECCE HOMO.
